The tenth Alberta Conference of the United Church of Canada, met in Metropolitan Church, Edmonton, on May 24th-28th. After spending two days in committee the Conference proper opened on Wednesday evening May 23rd with Dr. George Dickson the president, in the chair. His retiring address was presented under the four headings: By Intellectual Liberty and Freedom, Moral earnestness, The creation of a Social Conscience, and Sympathy, all of which went up to make up his "Code of the Church." At the close of his address, the observance of the Lord's Supper was enjoyed by approximately 300 people.

The following day the Conference was addressed by three outstanding members of the International team of the Oxford Group, which was then in Edmonton, commencing their visit a year ago. In each case a brief but genuine statement was presented, revealing how they had changed since coming in contact with the group.

After the roll call, which showed 257 registered delegates, the election of officers resulted in Dr. A. S. Tuttle, President of St. Stephen's College, being chosen to fill Dr. Dickson's position. Rev. J. R. Gieson was elected Secretary and the prayer was given by him of naming the two delegates.

Reports were presented from the various committees, all of which were very encouraging in the light of prevailing conditions.

Dr. Colla Young and Dr. Peter Bryce both of Toronto, spoke on Missionary Night. The work of the Foreign and Home Missions were revealed by these Secretaries and much interesting information was presented to the Conference. Berry of the Alberta Conference.

Saturday morning further business was completed, after which the Memorial Service was conducted by the President of the Conference. In the afternoon the delegates were guests of organizations in the city and spent a very pleasant time visiting points of interest.

Sunday the various pulpits in the

city were occupied by guest speakers and the Secretaries from Toronto.

The Week at Strathmore

The companies Act of 208 Sections was revised this week. Many weak points were brought to light but were deemed to be different from the original corrected.

Millions of hard earned dollars have been lost owing to fake promotions, high pressure salesmen and fraudulent sales. Many family Companies got into the hands of promoters. These men expanded the companies by issuing stock for in exchange of the real value of the assets. They repeated such a rich reward but this watered stock made such a great capital debt, that in poor times dividends were passed.

Years ago business was done by individuals, later partners worked together and still later small stock companies were formed. Now most of the business is done by large corporations with thousands of shareholders.

Without any doubt many senior officers of these big institutions have been very greedy and grasping. They have taken large salaries themselves and regardless of the welfare of the shareholders, the employers or the consumers of their product.

The Marketing Act is an Act to improve the methods of selling national products at home and abroad. It has been debated for three weeks and

many changes have been made in it. A Dominion Board will be set up at Ottawa to regulate the time and place of selling. It will determine the quantity and grade that may be sold and may prohibit sales.

A number of producers may petition the Minister to set up a scheme for marketing any product. If approved, the local people elect a Board and the producer must submit a plan of this scheme. The Minister himself may set up a scheme in any district.

The Governor-in-Council may reject or prohibit the import or export of any commodity concerned. This was opposed as it takes from Parliament the control of the tariff.

The Local Boards act within a province and the province may decide on the marketing agency. The Dominion Board looks after export and inter-provincial trade.

The Minister may investigate the costs of production, price spreads between what the grower gets and the consumer pays, trade practices, policies, grading, transportation and etc. Any one who receives an excessive profit or is convicted of other unfair practices may be punished by a fine or imprisonment.

Sincerely, F.W. Gershaw

FRATERNIZING OF THE SPECIES

A very interesting and unique episode was brought to our attention last week after further proof of the brotherhood of animals under favorable conditions.

Billy Fraser, son of Mr. Dan Fraser who lives on a small six miles north west of Strathmore, in his strolls over the fields came across a coyote's lair, in which were seven baby coyotes.

After investigation showed an airable pup of about 3 weeks living amicably with the coyotes. It is thought the

mother coyote had brought the pup home to her brood to teach them the art of killing and intruder as the pup bore signs of the carrying of the old coyote.

However the young coyotes were not so blood thirsty and preferred to let their brother animal share their shod in peace and happiness.

The entire family has now been brought to Mr. Fraser's barn where they are being cared for, though the airable pup now has a house of its own.

Vancouver—Eight mining claims in British Columbia's Bridge River country have been named the Oxford Group. Names of the group are officially recorded as the G. G. McGee; the Hugh Savage; the A. E. The first three names are those of distinguished British Columbia members of the original Oxford Group movement. Three others refer to the outstanding tenets of the Oxford movement. The Jim Butterfield honours a columnist who has been a severe critic of the Oxford group and the last is that of a social organization said to oppose the movement.

To keep the cow together sir, was the reply.

Don't you know her? Why she lives in the same square with you.

Yes, but she's not in the same circle.

amount. Orders in council to this

effect were signed under the federal

act and announced last week.

Reas O. L. McPherson, provincial

minister of public works, stated that

the money would be used on roads to

the full amount of the loan, but he

was not in a position to state where

the work would be done, or when it

would be commenced. A list of pro-

jects would be gone over and the

money applied where most useful

and practicable.

Tasty Baked Cream Salmon

Cook two tablespoons of flour and

two of butter without browning, then

add a pint of milk, salt and pepper to

suit the taste, and sufficient gravel

oil to flavour delicately. Take a

pound tin of canned salmon and sepa-

rate the fish into bits, removing any

pieces of bone; now place a layer of

the flour-butter mixture in a baking

dish, then a layer of fish, then another

layer of the flour sauce, and so on,

having a layer of the sauce on the top.

Bake the dish until it is golden

brown on top and serve very hot.

Salmon left-overs may be used in

stead of the canned salmon if desired.

Monday evening May 28th, the Knights of Pythias met in regular session. They had as their guest Grand Chancellor Commander Mr. Powell. Other guests were 15 members from Bramblehill.

The Standard Danish Young People Society of the Danish Church held a three days convocation, June 1, 2 and 3. They had delegates from Wayne, Stettler, Calgary and Dixon and visitors from far and near. All day sessions were held with dinner and coffee served in the basement of the Church. Sunday, June 3, the Calgary English choir rendered a most pleasing concert. Sunday evening English services were held followed by coffee and cake and 25 minute talks from delegates on subjects. What the young people can do for the church, and what the church can do for the young people.

Monday afternoon the St. W I C hiked 4 miles north of town to the home of Mr. and Mrs. White. Anderson. The girls were quite ready for the weinies, buns, lemonade and cake that they soon prepared around a camp fire. Mr. and Mrs. Anderson were lunch guests of the club. The girls plan a number of hikes in the near future.

The Standard O E S met in Special Session May 29, and had as their guests visitors from Rockyview, Glenora, and Irricana. Standard Chapter was pleased to have these visitors help to celebrate their fifth birthday. What aid it could not rain in Alberta? The lovely rain now falling may be a bad thing for the Circus in Calgary today. But it is a good omen to the farmers and to everyone in the vicinity. We also wonder how the grass hoppers like it.

While Standard school was only one prize, Dorothy Nielsen in public speaking. Patrons pupils and teachers came home from the festival feeling that much good had come from the efforts. Benefit can hardly be estimated in terms of winning because camp fires we call when we lose.

Standard citizens and patrons are behind the teaching staff and appreciate the good work done by them. We are looking forward to the next festival.

Thewar on grasshoppers is still on many farmers claim to have the situation in hand. What the future has in store who can say. Will there be new crops of hoppers? If so can they check them too? Who would want a bigger gamble in farming, and yet conditions today are the same as since the beginning of time. Given, a

prosperous, happy, healthy rural people and the success of any country is guaranteed. So we say "Hurrah for Mr. Farmer" the eyes of the world are on you. When you give up hope then indeed is all hope gone.

Standard and Chancellor Baseball teams played an interesting game on Wed. P.M. Standard won with a score of 17 to 5. Chancellor never could play in cool weather and didn't the waiting out right against them. How ever it is early in the season, no doubt we will have warmer weather soon.

Mr. and Mrs. Lees Hugh and we son Fabian have moved from the Carl Sorenson house to the redecorated one owned by Mrs. Selgeness. Several rooms have been added a well drilled. This should be one of the most desirable houses to rent in Standard.

NAMAKA

The Strathmore C P R softball team visited Namaka Wednesday evening, losing to the home team 20 to 8.

The first fishing party of the season to try their luck at McGregor Lake was not very successful in their trip last weekend as owing to the cold weather the fish did not bite. The party consisted of Messrs A. J. W. Charles, A. J. and Orville Brown, Mrs. Leale West, Gus Marney, Chas. Mickle and W. Watson.

Mr. and Mrs. E. C. Watts and son Marshall visited Mr. and Mrs. Chester Edwards at Rosemary last Sunday. Mr. Watts tried his luck with the rod and reel also but met with very little success.

Namaka softball girls who arranged their last game of the spring season with Stouart Sunday were shocked and amazed when they saw stepping out of the visitors. The painted, bewigged and befrilled ladies, the like of which has never been seen before on land or sea. These queer specimens were eventually identified as the youth and chivalry of Stouart made up to the best of their ability to represent the fair sex. They may not have played the best softball, but they certainly handled the crowd the best laugh of the season. The game ended in a tie 15 all. Stouart ladies included Messrs George and Arthur McLean; George and Allan O'Leary; J. and W. Ferguson; Harold and Roy Freewick; Bill Wilson; Hugh Newall and E. Watson.

Mrs. H. R. Wootter was confined to bed for the early part of this week a victim of lambo.

The Ladies Aid will meet next Thursday afternoon at the home of Mrs. H. E. Johnston.

It is estimated that at least 2 and a half inches of rain fell last Monday. As crops in this district were not yet suffering from the drought, Monday's downpour came in time to assure local farmers of at least excellent prospects.

The Y P S held its regular meeting in the school last Wednesday evening. The major event for the evening was a debate. Resolved that Farm Produce Should be Handled by the Government. The Misses E. Hutchison and Lisa Thompson upheld the affirmative. The Y P S was well represented. The negative. No official indictment was given but popular opinion was in favor of the affirmative. NIGHTINGALE

The W I was entertained at the home of Mrs. Dugan last Thursday. Current events and the ball call was well answered. A discussion on Problems of the Rural School followed. Work on the new quilt went along with a bound. A delicious lunch was served. It is expected Mrs. Clark will be present at one of the two next meetings.

A number of ladies gathered at the home of Mrs. Leonard Hilton last Tuesday. It was a birthday surprise and needless to say was a very pleasant affair.

Mr. and Mrs. Thurston were Calgary visitors one day last week.

Bert Griffith returned to his home near Midnapore after being a guest of Jack Stoodley for a short time.

Mr. and Mrs. Jensen entertained friends last Thursday, celebrating Dick's birthday in age.

Of course everyone had a fine time at the Hall Committee dance last Friday. Goshard's orchestra furnish-

ed the music and were thoroughly appreciated.

Mr. and Mrs. Stoodley entertained about 20 of their friends at their home on May 26th. Rain interfered with the golfing and tennis but a pleasant afternoon was enjoyed indoors.

Long time friends and neighbors express deep sympathy to Mrs. Cott and Edwin in their recent and bereavement.

Nightingale and Valley Garden Schools played two games of softball. Each team was victorious once. Another game takes place next week and of course both teams are out to win.

Mr. and Mrs. J. Goshard and children also Mr. and Mrs. Cosgrove of Calgary visited at the Dugan home last Sunday.

HERVEY NOTES

The long looked for rain came to cheer the disheartened farmers of this district.

Mrs. Schober who came into the weatherman's lamp, gives the good tidings of abundance of rain for the next three weeks. The Andromeda prophets are guided by spiritual or some other defect.

If D. N. Gardiner, wants anyone gets for his glass jaws we wish he would visit Hervey. We guarantee to fill his entire office and then some.

Berta Vale, Serviceberry and Hervey school districts are planning for a combined picnic sometime in June.

Mike Liebwien, again gets a by-coming on the back of the neck, he is keeping his eye open for a soft hand to soothe his cares.

We hope the road leading east from Knappa's owner will soon be improved as one particular chevrolet car has the habit of stalling in sleepy valleys.

J. E. Patterson again visits the district, dealing with the pinehills, W. A. Laycraft being his easy catch.

MOTHER AND INFANT CHILD FOUND DROWNED IN DAM

Word was received at Chinook this morning (Thursday) that Mrs. Head and baby, of the Headville district about 18 miles south of town, was found drowned in a dam near their home. It appears that Mrs. Head got up early and when Mr. Head arose, found that his wife and baby were not in the house, he immediately went in search of them. Following her bare foot prints, as she had not dressed before leaving the house, he came to the dam where she was found drowned with her baby still clutched in her arms.

Later, Constable Murphy, RCMP, together with Coroner Dr. Ester made a full and complete investigation of the circumstances and being fully convinced it was another case of suicide, decided there was no occasion for holding an inquest. The bodies were taken to Drumheller and will be laid to rest in the cemetery at that place, Humphreys Funeral Home being in charge.

UNEMPLOYMENT SERIOUS

Mayor Davison Calgary and Mayor Knott, Edmonton strongly opposed to decision of Federal Govt. to Re-Heist measure.

Just about the most cold blooded example of political blundering that has come to my attention in years, was the description offered by Mayor Andy Davison in a statement to the press on Saturday morning in referring to the announcement of Hon. W. A. Gordon, Dominion Minister of Labor, that all federal direct relief would end on June 15.

On Friday Mayor Davison wired the Prime Minister and the federal minister of labor at Ottawa, at the request of Alberta editors. The message requested continued aid. In addition the mayor said, I telegraphed Dr. G. D. Stanley, M. P. for Elst. Calgary, protesting against the Minister of Labor.

The announcement of Hon. W. A. Gordon, Dominion Minister of Labor is just another example of how little the average eastern Canadian cabinet minister knows of the conditions west of the Great Lakes.

This announcement that on and after June 15 the Ottawa government would cease to contribute for the summer months at least toward the cost of caring for thousands of Western Canadian people who have been on the breadline, in many instances for three or four years, through no fault of their own, is just about the most cold blooded example of political blundering that has come to my attention in years.

VALUE OF FESTIVAL OF MUSIC AND DRAMA

To the reader who thinks in terms of prizes and awards The Call wishes to point out that the benefit to our children in this connection is not in the gaining of a prize only but in the feeling that is given from week to week; not in the applause of the crowded concert room, though that is inspiring experience, but in the store of memories of beautiful thought set to beautiful music; not in the concrete tokens of success as shields and certificates but in the more lasting treasures of memories that are as well when the hum drum world is torturing heavily on one's spirit as fast in the dark days the memory of beauty of sound, of rhythm, of noble thoughts will set as an inspiration and an incentive to greater effort and success in the after life of those who took part in these cultural sides of the work of education.
